Good luck, and enjoy your ride !

We would like to thank the mounted police from Les Bréviaires, the CBers who ensure the riders' safety, and all the volunteers ; without their help, organising this race wouldn't be possible.

The organisation committee expects all riders to comply with the following FEI rules :

THE FEI CODE OF CONDUCT for the Welfare of the horse

The Fédération Equestre Internationale (FEI) requires all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.

The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise

CREWS CODE OF CONDUCT

We remind you that crewing cars as well as riders must abide by the traffic rules, and **speed limits**, **stop signs** and **right of ways** in particular.

The Rambouillet forest is being visited by many non-riders over the week-end. We thank you for showing RESPECT and CONSIDERATION to the other users in order to allow our competition to be organised again in coming years.

The organisation committee can penalize any rider for the following reasons :

- **if a competitor does not complete the defined route during the entire course (patent cheating)**
- **in case of a disrespectful attitude towards a member of the organisation or the jury;**
- **any act of cruelty or abuse on a horse (article 1.4 FFE rules, general regulations);**
- **non respect of the road traffic laws by the crew;**
- **crewing or providing aid on any other part of the course not specifically designated for that purpose;**
- **incidents with other users.**
